### < Apostille Certificate Submission Guide >

★ What is an **Apostille certificate** ?

- In order for a document to be recognized by a foreign country, it should undergo **legalization for foreign public documents to be used in the foreign country**. In general, such a document is authenticated by means of 'consular legalization' at diplomatic offices in the foreign country where the document is to be used.
- The Apostille certificate is issued by **an authority of the country concerned after validating the authenticity of the document by comparing the official seals or signatures of the document**. A document bearing the Apostille certificate is deemed acceptable as an official document in any signatory country without the consular legalization.

A. Documents subject to the Apostille certificate requirement

- 1) Documents issued by government agencies (including local governments, national and public educational institutions): **e.g. transcripts and certificates of graduation issued by a national/public school**
- 2) Notarized documents prepared by a person in the capacity of a notary public in accordance with the Notary Public Act or the Attorney-at-Law Act:
  - **e.g. transcripts and certificates of graduation issued by a private school**
  - ※ For a document not written in Korean or English, the original and its translation should be attached with the Apostille certificate or legalized by a consular officer responsible for notarization.

B. Applicants from a signatory country

- 1) Issuing agency : Apostille certificates are issued by an institution designated as an authority by the government of the country concerned
- 2) How to submit : Apostille certificates for the required documents above need to be issued and submitted when submitting the application form and documents.  
(Applicants are advised to verify the lead time for the issuance of the Apostille certificate)
- 3) Important Matters
  - **Applicants from a private school need to first have their documents notarized and then have the Apostille certificates issued.**
  - If the Apostille certificate cannot be issued, either a confirmation for a foreign educational institute or a certificate of the consular legalization process issued by the Korean consulate of the country concerned may be submitted in lieu thereof.

C. Applicants from a non-signatory country

- 1) Issuing agency : Apostille certificates are issued by the Korean consulate of the country concerned.
- 2) How to submit : A confirmation for a foreign educational institute or a certificate of the consular legalization process issued by the Korean consulate of the country concerned should be submitted.

D. Signatories to the Apostille Convention: Visit the Ministry of Foreign Affairs webpage

B. Submission Process and Deadline

- 1) Submission Process and Deadline : Submit documents by the deadline of the submission period for required documents for each department (major)
  - ※ Submission by (registered) mail (10:00 – 18:00 during submission period)
    - Documents submitted by (registered) mail must be postmarked no later than the deadline. **Any submission by other delivery means such as courier service is not accepted.**
    - ※ The envelope should indicate "additional documents for application" on its cover, and it should be mailed with a return receipt requested.
- 2) **Please note that no submitted documents including portfolios will be returned to the applicant.**

Documents should be addressed to:  
02789, 146-37, Hwarangno 32-gil, Seoul  
Admissions Division, Korea National University of Arts Special Admissions for Ethnic  
Koreans abroad and Foreigners  
(Telephone: 02-746-9872 or 9047 / FAX: 02-746-9049)

### 3. Eligibility Assessment

A. Determine eligibility of applicants by assessing their qualification for application

\* This process is not the document screening but only assesses whether the applicant is eligible to apply for the special admissions for ethnic Koreans abroad and foreigners.

B. Assign the application number to the applicants who pass the eligibility assessment process for the document screening

C. Date of the notification of eligibility assessment result: See the admissions timeline for each school (department)

D. Those individuals who fail the eligibility assessment process may have the application fee fully refunded and apply during the subsequent admission cycle of the University.

### 4. Notification of Final Acceptance

A. Date : See the admissions timeline for each school (department)

B. How to Receive Notification

- Visit the University webpage (<http://www.karts.ac.kr>) ⇒ [Admission Information] ⇒ Individually check at [Notice]

C. The accepted students can print the notification of acceptance and the guidelines from University Admissions webpage after the final acceptance notification.

\* Applicants are responsible for verifying acceptance to the University as accepted students are not publicly listed or individually notified.

### 5. Important Matters for Applicants

A. Duplicate Application

1) **Those who passed the eligibility assessment for the non-quota special admissions must not concurrently apply for the general admissions for the same admission unit.**

2) Students who have been registered in the other masters programs (including students on leave of absence and graduates) may apply to the University

3) Those who have been finally admitted to the University cannot apply for other examinations administered subsequently by the University.

4) **Applicants cannot apply for two or more Master programs of the University, if the submission periods of the applications are identical.**

5) It is possible to apply for the bachelor program and the master program simultaneously, even though their admission periods are overlapped. But the applicants should take possible disadvantages such as overlapped admissions schedules, no-refund of application fee, and so on. When an applicant is admitted to both programs, the applicant must choose and register for either one of them.

B. Prohibition of Dual Enrollment

0) Once registered with the University, students are not allowed to enroll at another school according to Article 65 of the School Regulations of the University.

C. General Matters

1) Individuals will be immediately disqualified if they are found ineligible for application for the admission type of their choice after submitting the application form.  
(If ineligibility for application is discovered later, the individual's enrollment or admission will be immediately revoked.)

2) Where an applicant is found to have made any misrepresentation, alteration to the submitted documents or has perpetrated any other kind of fraud, the University will reject or revoke the applicant's admission or enrollment. (If such fraudulence is discovered while in school, the individual in question will be expelled. Those who have committed such fraud are not allowed to reapply for admission to the University for the current academic year when the test is administered and for the following 2 academic years.)

3) As no preliminary meetings for examinees are conducted, examinees are required to visit the University webpage from time to time to verify important matters for examinees, examination schedules, and other information.

4) Applicants who fail to take any examination subjects will fail regardless of their test scores in other subjects.

\* Exclusion from the document screening due to failure to submit the required additional documents by the deadline is also deemed to constitute the applicant's missing a test.

D. Others

1) **No submitted documents including transcripts, certificates of graduation, and portfolios are returned to examinees.**

<When applicants submit their art works such as portfolios, submit copies of them, except for the case with an extra request>

2) Test results are not disclosed.

3) **There is no transfer program**

4) If the admitted individuals fail to meet the enrollment requirements by February, 2023 (e.g. failure to graduate from undergraduate school or dropout) or to register during the freshman enrollment period, their admission will be revoked (If such fact is uncovered later, the enrollment is revoked)

\* In the case of a country (e.g. Japan) where the academic year and semester commence one month later than in Korea, the applicant's actual enrollment period at a foreign school is recognized within the scope of the remaining expected enrollment period.

5) Any other matters not set forth in this Guide are subject to the rules of admissions provided separately by the University.

#### ※ Selection Process

1) Select applicants in descending rank order on the basis of their aggregate scores at each stage for each admission unit.

2) There is no set limit on the admissions quota who may be accepted. However, applicants whose grades indicate that they are unlikely to achieve adequate performance at the University may not be selected.

3) For each subject, test scores will be rounded off to the second decimal place.
